

# PURE GUM 14 BAUME

## Pure Gum Arabic solution

### DESCRIPTION:

The Pure Gum 14 Baume is a gum arabic solution that can be used as an additive to the fountain mix or can be used as a plate gum for keeping plates water receptive. This product contains natural gum arabic that will help protect the plates non-image area from ink. The Pure Gum 14 Baume gum solution has additives to keep it stable and free of biological growth.

### BENEFITS OF PURE GUM 14 BAUME:

- Compatible with all fountain solution chemistries
- Easy to use
- Completely soluble in water
- Reduces plate sensitivity
- Low cost
- Effective on all types of plates, presses, and dampening systems

### DIRECTIONS:

- Use at 1 to 4 oz. per gallon in the press ready mix.
- Will not affect the pH or conductivity
- A good starting point is 2 oz. per gallon, Increase dosage if sensitivity continues to occur.

### TECHNICAL DATA:

**Appearance:** Clear dark brown

**Odor:** mild gum odor

**VOC Content:** none

**Density:** 1.11 g/ml
