

imprint[®] | Royal Green

Highly Resilient, Versatile Blanket

Premium blanket designed for high quality printing for all sheet fed applications

Features

- A versatile blanket ideal for wide range of substrates and sheet fed applications
- High resilient surface compound with outstanding stability against edge marking
- Optimal and uniform ink transfer with reduced nip pressure
- Sharp dot reproduction, high printing contrast and even solid coverage exhibits good smash resistance and rebound capabilities
- Reduced piling and linting. Ease of cleaning.
- Innovative fabric constructions for low stretch, extra durability and long life.

Specially designed, engineered and created with our innovative fabric constructions. Manufactured in-house by our team of textile technologists.

Printing Surface

	Colour	Flashy Green
	Surface Finish	Fine Ground & Buffed
	Surface Roughness (Ra)	0.7 µm
	Surface Roughness (Rz)	5 µm
	Ink Compatibility	Conventional

Imprint Royal Green : microscopic view

Physical Properties

	Thickness	1.96 mm
	Construction (No. of Fabric layers)	3 Ply
	Total Hardness	77 Shore A
	Compressible Layer	Closed Cell
	Compressibility @180N	190 µm
	Elongation @ 500N/50mm	≤ 0.75%
	Tensile Strength N/50mm	≥ 4000
	Identification Lines	Blue & Green
